

COMPANY PROFILE

ABOUT

We assist Egyptian companies in exporting their products by providing innovative, practical, and unique solutions.

OUR VISION

Offering innovative solutions and alternatives to traditional export systems, we aim to maximize benefits while saving time, effort, and money.

OUR MISSION

By supplying essential marketing information, analysis, and modern mechanisms, we aim to solidify the strong presence of Egyptian products at the forefront of global trade.

OUR TEAM

Experts in export, international marketing and information technology.

E-MARKETS DATABASE

"JUST A CLICK AWAY, AND SEE THE WORLD BY EYES OF EXPERTS"

The premier and most extensive commercial database designed to assist Egyptian suppliers in exporting their products.

OUR DATABASE

We provide a cross-platform application

Simply provide the name of your product or its "HS-CODE," and we will furnish you with the following information:

01. TARGET MARKRT

We will guide you to target markets specifically importing your product, as not all global markets may do so.

02. TARGETED IMPORTERS

We will identify importers interested in your product, providing you with all contact details such as email, WhatsApp, and more.

03. MARKET ANALYSIS

We provide all the analysis you need to penetrate these markets, including PESTEL, SWOT, and Competitive Analysis.

04. MARKETING PLAN

We will assist you with a tailored marketing plan designed to enable you to sell your products successfully within these target markets.
